WORKBOOK

MADE IN AUSTRIA

CUSTOMIZED GOLF CLUB DIRECTLY FROM THE MANUFACTURER

Passion for craftsmanship, sincere interest in our customers and flexibility are the reasons for our uniqueness.

MADE IN AUSTRIA

PRODUCTION IN MONDSEE

We have been demonstrating passionate craftsmanship for years. From the basic idea to serial production, everything is manufactured in our factory in Mondsee, Austria. This is why we can build the golf clubs perfect suited to the player.

CUSTOM FITTING

CUSTOM FITTED GOLF CLUBS

Every golfer and every golf swing is different. Golfers are differently sized, have different swing levels and speeds, different hand dimensions, etc. For this reason, the same golf club can not suit every golfer equally. Only we are able to produce the perfect golf club for you.

FREE 48H SERVICE

EXCLUSIVELY MADE FOR YOU

We always strive to satisfy our customers. This is why we offer our 48h free custom fitting program. Nobody is as fast as we are! Only a fitted golf club is a perfect one.

CUSTOM FITTING

WE PRODUCE THE PERFECT GOLF CLUB FOR YOU

Just as everyone has an individual signature, every golfer and every golf swing is different. For this reason, not every golfer fits the same golf club.

Only we are able to produce the perfect golf club for you.

SELECTION OF THE GRIP

Grip diameter from slim to oversize and different materials because every hand is unique.

OWN SHAFT PRODUCTION

For 25 years we have been producing every shaft by ourselves so we can perfectly fit the golf clubs.

EXACT MEASUREMENTS

of the body size, as well as the size between the wrist and the floor to determine the optimal shaft length

SPEED TEST

using Flight Scope:
So we can adjust the performance of the shaft individually.

CHOICE OF THE CLUB HEAD

Choosing the right club head according to skill level and ability is the basis for a fitted golf club.

FINE TUNING

The choice of the Loft & Lie, as well as the correct swing weight complete the customized golf club to 100%

GRIPS & SHAFTS

GRIPS

HELIOS GRIP
classic half cord grip for optimal playing comfort, super non-slip

Undersize	Standard	Midsized	Jumbo

SOFT TOUCH PUTTER

THE GUARANTEE FOR SINGLE PUTTS –
EXCLUSIVELY AND ONLY FROM KOMPERDELL

With the new Soft Touch Putter you have better control and will
hole more crucial putts. This will definitely improve your score.

UNIQUE

The multi-material construction and
the new soft touch face stand for
KOMPERDELL's most accurate and
most forgiving putter.

SELF-ASSURANCE

The soft touch face ensures a
consistent swing through the ball and
guarantees more precision.

EARLY BALL ROLL

The soft touch face guarantees
precise putts through early rolling
of the ball.
